If students are interested in participating in Advanced Studies, these are the opportunities the district has for testing in the fall. Students can test at TAMUK or Coastal Bend College but must request their Texas Unique Id Number in order to register at either location. Please make sure you have already passed the required tests necessary to take a college course. All 9th and 10th grade students are required to pass at least one section of the TSI before they are allowed to take any college courses (even those that do not require passing a TSI Test.)

FYI: Packets for TAMUK are usually due Nov. 1st.

Tests administered in Room S10 (smaller college room)

Things to consider:

- 1. The Importance of Assessment:** The score on your TSI Assessment will decide whether you are eligible for a college level course or if you will need to take developmental or preparation courses-which will NOT give you college credit. At SGISD, students are not allowed to take developmental courses. As 9th and 10th graders students must pass the TSI. 11th and 12th graders will be able to use additional qualifying scores to take college classes. The TSI Assessment exam is very important and we want you to do as well as you possible can. PLEASE remember that if you plan to attend a Texas College or University the TSI will be required.
- 2. Testing Resources and Sample Questions** (go to <https://accuplacer.collegeboard.org/> for sample questions and other recourses to help you prepare for the TSI Assessment.
- 3. Course Options** at Santa Gertrudis Academy High School we offer college courses via CBC and TAMUK. Those course are either taught online or at the designated campus.

I understand that I am not allowed to bring any electronic device (cell phone, mp3 player, camera, etc...) to my seating area in the testing room. I will leave my personal items in my vehicle, locker, with a friend, or will turn the items in to the testing personnel when I sign-in for the exam. The personal items will be collected and stored at the owner's risk. Santa Gertrudis Academy High School will not be responsible for any items lost or stolen.

I understand that if I do not take the TSI Assessment on the scheduled date listed on this form, then I forfeit the TSI Assessment fee and will have to pay another fee to re-schedule the exam.

Scores needed to be able to take Dual enrollment courses.

Section	Score(s) needed to place at College Level	Course Placement
ELAR	945 and an essay score of at least 5, or a score below 945 and a diagnostic level of 5 or 6 and an essay score of at least 5	College Level
Math	950, or a score below 950 and a diagnostic level of 6	College Level
